Dear Bill:

I have never had greater appreciation for the responsibilities carried by our government officials than I do now. The efforts of the past month in trying to respond intelligently to the *TYLENOL** capsule murders have been overwhelming. Hopefully, we are on our way to restoring *TYLENOL** brand products in the marketplace.

I wrote Secretary Schweiker complimenting him on the response of his department and the FDA to this crisis. I thought you might be interested in my comments and I have enclosed a copy of my note to him.

Kind regards.

Sincerely,
